9

Peer Operated Hospital Diversion

\$700K

2 pilot sites of 4-6 beds each

Allocation Plans

10

\$2.2M

BH Urgent Care & Facility-based Crisis

SECTION 12F.5. (b) From funds appropriated ... the Division shall use ... \$2,200,000 in recurring funds to:

- **Increase co-located or operationally linked behavioral health urgent care centers and facility-based crisis centers**
- **Increase facility-based crisis centers ... for the custody and treatment of involuntary clients ... Department shall give priority to areas of the State experiencing a shortage of these types of facilities**
- **Provide reimbursement for services provided by facility-based crisis centers**
- **Establish facility-based crisis centers for children and adolescents**

What is a BH Urgent Care Center?

- Outpatient clinic fully equipped to provide walk-in crisis assessments
- May initiate crisis intervention services and/or med management
- Designated site to receive consumers who need first examination in the Involuntary Commitment (IVC) process
 - Facility is secure—with facility design elements and/or staffing components
 - Program manages safety and custody requirements of IVC consumer
- Manages bed-finding process for consumers who require FBC, detox or inpatient care

What is a BH Urgent Care Center?

Functions as an alternative to a hospital emergency department for BH Crisis Intervention

- Offers specialty service with MH/SA trained professionals for those consumers who do not have medically complicated needs
- Reduces Emergency Department volume
- Reduces barriers to admission to lower levels of care such as Facility-Based Crisis units for MH crisis stabilization and detox
- Often allows for quicker law enforcement turn around times in the Involuntary Commitment process

What is a Facility-Based Crisis Unit?

Functions as an alternative to inpatient psychiatric hospitalization for some consumers

- Short-term (3–7 days) community-based residential
- Offers crisis stabilization and/or detoxification
- Can accept consumers in need of Involuntary Commitment
 - Reduces need for lengthy law enforcement transports
- More efficient connections to ongoing outpatient care
- Available now for adult consumers – 22 units statewide
- DMA & DMHDDSAS in the process of promulgating clinical policy so child and adolescent units may be developed

BHUC & FBC Funds Allocation Plan

	\$2,200,000
DMH/DD/SAS addition of	
MH & SA Federal Block Grant funds	<u>\$1,793,833</u>
	\$3,993,833

Fund mix allows for combination of capital improvements, service and other operating dollars in program budget proposals

Questions, Comments, Discussion
